

*February News Letter 2008*

**RENEWAL LETTERS WILL BE SENT OUT AT THE END OF JANUARY TO ALL CURRENT MARINA MEMBERS. PLEASE TAKE THE TIME TO REVIEW IT. ALL RLM'S STORAGE AGREEMENTS ARE SELF RENEWING AND WE ARE LOOKING FORWARD HAVING YOU FOR ANOTHER GREAT BOATING SEASON...**

**WATER, WATER AND MORE WATER...**

The rivers are running and the lake has been coming up rapidly. So much for the dry winter we were all told would happen. Mother Nature has been good to us thus far.

According to the Western Farm Press, "On the Salt River near Roosevelt, the runoff forecast calls for 117 percent of median stream flow levels (450,000 acre-feet), January 1 through May, while on the Gila River at San Carlos, inflow to the reservoir is forecast at 110 percent of median stream flow (105,000 acre-feet) January 1 through May."

This is great news for us at Roosevelt Lake. We are looking to get above average run off for the first time in several years. This should give us a good several years of lake even if this long term drought continues.
