

CHILDREN UNDER 12 SHOULD ALWAYS HAVE LIFEJACKETS ON WHILE ON A BOAT. IT IS THE LAW. WE WOULD ALSO LIKE TO ADVISE THE USE OF THEM ON THE DOCKS... KIDS DON'T FLOAT... LIFE JACKETS AND SUPERVISION SAVE LIVES...

WATER LEVEL STILL AT A HIGH...

If you haven't been out since last season, make it a priority. The Lake will not remain at this level for much longer. Do to some problems with the Verde system, SRP has yet to take any water out of the Salt system. This will not last and we are expecting to start dropping as soon as Horseshoe Lake is empty.

GATE ACCESS SYSTEM...

Our goal is to have the card access system for the docks and restrooms completed by the end of July. We will soon be sending out a form for you to fill out. On this form you will need to indicate how many cards you wish to have. There will be a \$10 deposit for each card you request billed to your customer account. After our installation is complete and we get all of our customer data updated, we will have the cards available to be picked up in the marina store. If you have any questions or comments please contact Dan or Shirley.

MONSOON SEASON STARTS JUNE 15TH...

We received official notice that this year's summer storms are forecasted to come early and strong. In last month's news letter we mentioned the importance of securing your boat properly to the docks. If you need any assistance please stop by and see Dan at the Marina office. We do supply a good selection of dock line in the Store. It is better to spend a few extra bucks on dock line than hundreds or thousands on repairs to your boat caused by bad dock lines.

**MARINA MEMBERS ARE NOT RENTING THEIR BOATS.?!
ABSOLUTELY NOT... DON'T CONVINC YOURSELF OTHERWISE...Please refer to your storage agreement.**

“...occupant agrees not to rent, time share, lease or receive consideration for the use of the boat, and to restrict the use of the boat to occupant and its guests on a complimentary basis, with no consideration charged or incurred for any such use...”

We know times are getting tough but don't risk it. Not only would you be in violation of your storage agreement but also in violation with the USDA, Tonto National Forest. Your storage agreement will be cancelled as a result.

IS YOUR BOAT FOR SALE? DO WE HAVE YOUR INFORMATION?

We collected several boat listings last month and have had many people come in the office checking them out. There are still several boats with signs out on the docks and we need your information if we don't already have it. Fax or email your boat information to us and we will get them in our Boat Sales binder.
