

KEEP IN MIND THAT YOU, THE MEMBER, CAN CAMP IN THE MARINA'S CAMPGROUNDS AT NO CHARGE. YOU MUST DISPLAY YOUR MEMBER PARKING PERMIT WHEN DOING SO...

BAR PATIO COMPLETED...

Come on out and visit the Bar. We have completed our new patio installation and, also, we plan on covering a few slips next to the bar to keep the heat to a minimum. New seating arrangements with umbrellas will have to keep us cool until our roof is installed. There are plans to expand the menu at the grill, but for now we still have our famous burn your own burgers.

"BOAT FOR SALE" SERVICES...

Since the installation of the new security gates we hope you have seen a BIG drop in public traffic walking around the docks. The card access system is scheduled to be installed this June and will take it to the next level.

In the meantime, we have taken notice to the people coming in the office looking for boats for sale. We will no longer be letting anybody who asks what boats are for sale to cruise the docks.

To help control this traffic we will be providing a book in the store of all the boats for sale. If your boat is for sale, please provide the Marina Office with an 8.5" x 11" spec. sheet of your boat and we will keep it in a book for the public to see.

Please provide your contact information so interested parties can call you onsite to get your permission to see your boat. Give us as much detail that you can. Include year, make, model, power plant, generator specs, options or any recent service and/or upgrades you have performed, plus a photo.

Take advantage of this service and let us help you move your boat. There are currently no charges for this service so act now.

**Lake Levels for
Period shown, 98% full
"Elevation"**

April 9, 2008	2149.84
May 9, 2008	2149.47

"Acreage"

April 9, 2008	21,351
May 9, 2008	20,891

New Store Hours...

The Marina Store will now be open from 8am to 6pm on Fridays and Saturdays. Sundays from 8am to 5pm and Monday – Thursday from 8am to 4pm.

DOCK WATCH...

May is here and it is time to get to know your neighbors. It is very helpful to know all of your fellow marina members. Our staff does a great job of keeping an eye on what is going on but we also depend on the words of a member.

If you see something going on or people on a boat that just doesn't look right, give the marina office or security a call so we can look into it. Everyone at the marina is here to have a good time but we do want to make sure they are allowed to be on their friends, relatives or partners boat. Nobody wants uninvited guests on their boat or on the marina docks.

WIND ADVISORY...

Recent weather events have caused some damage to both customer boats and marina docks. In order to prevent future damages from happening we recommend installing spring lines on your boat and utilize every cleat on your boat as well as the dock. Many times these damages can be prevented. Although sometimes we are just in the hands of good old mother nature...
