MARINA NEWS...

Many members have been inquiring about our Marina Gate Access System. This will be installed in June. The member restrooms and marina gates will only be accessible by marina members holding an access card. These cards will become available to members once the system is installed. We will be giving each slip holder two access cards at no charge. If you need more cards, they will be available for a small fee. These cards will be replaced at no charge if they break or stop working. We will keep everyone informed and updated as best as possible. We are very anxious as well...

SLIP PATIOS AND BOAT LIFTS...

We are currently taking orders for new boat lifts and slip patios. If you have been thinking of purchasing one or the other, now is the time to buy. We have some trucks coming from the Midwest and should be able to save some money and shipping. This savings will be passed on to you, the member. Keep your boat high and dry and still in your slip.

DOG OWNERS...

We love dogs as well but don't leave their messes for us to clean up or your neighbor to step in. Fess up and clean up your pooch's mess...thanks.

DAY USE SLIPS ARE COMING...

New finger docks will be attached to the marina walkway before the first gate. These slips will be used for store patrons and limited overnight guests. We are looking forward to providing better service at the fuel and pump out docks to our slip members.

NOTE TO CHECK WRITERS...

If you currently write a company check to pay your bill, please include the member's full name and slip number. We are at times challenged by the company checks we receive. Your help in this matter is greatly appreciated.

THE BIG BASS CHALLENGE 2008 AT ROOSEVELT MARINA...

Don't forget to mark your calendars, on May 16th to the 18th the Marina will be hosting the weigh in on the docks. New boats will be displayed, and a shuttle service will be provided to and from the Casino for those who participate in the challenge. If you are not coming out for Memorial Day weekend, don't miss out on this event.
